Patricia D. Harns

May 13, 1930 - September 24, 2026
Coeur d'Alene, Idaho

Patricia Donnelly Harns, 96, passed away peacefully, surrounded by family, on September 24, 2026. Pat was born May 13, 1930, near Sault Ste. Marie, Michigan. She went to Marquette University where she received her teaching credential. Pat later moved South to marry her high school sweetheart, John H Harns in July 1952. This was a secret engagement because at the time John was going through Naval flight training and cadets were not supposed to be married. Pat's 27-year adventure as a Navy wife began in 1953. They moved every couple of years crisscrossing the country living in Florida, Michigan, Ohio, several places in California, Virginia, and Hawaii. During these years there were times when she was left raising her 4 children while John was at sea for months. She embraced this life with zeal. If it was sunny out, the dishes & dirty clothes were left, and the family went to boat, swim or picnic. If there was a spectacular meteor shower, she'd wake up the children to go stand on the dock and watch in awe. As the years passed, Pat also took on responsibilities as a Navy wife. She was incredibly social and skilled at the art of bringing people together. Her talents were extensive in each new place they settled; organizing committees, planning social events, even taking care of and advising younger military wives.

Once retired Pat and John would travel the United States visiting their vast web of friends and family in John's homebuilt aircraft. She was always active even taking up tap dancing at 65 and golfing at 80, she loved the outfits!

Pat's passion was her art and creativity. She was a talented artist with many of her pieces still with us and scattered around the country. She attended Southwestern College while in San Diego for Art, Fashion Design School in Honolulu, and University of Idaho for Fine Arts. Pottery became her favorite medium after moving to Post Falls and she became a founding member of the Spokane Potters Guild producing countless beautiful figures, cups, bowls, and one-of-a-kind items.

Pat was preceded in death by her husband of 67 years, John. She is survived by her brother Bill Donnelly and children: Tom (Cindy); Barb (Steve); Stephen Mark (Suanne); and Mary Jo (Don), her grandchildren: Vanessa (Zack); Zach (Kylie); Forrest (Heather); Rosa (Andrew); Patrick (Kim); Heather (Jake) and great grandchildren: Sawyer, Lily, Louie, Lola, Leila, Wolfgang, Tawny & Corbin, Pete & Edie Marie, Malia and numerous nieces and nephews.

She leaves a wonderful and indelible impression on all who knew her.

Service will be Friday, October 23, 2026, at St. Pius X Catholic Church, Coeur d'Alene, Idaho at 2pm.

English Funeral Chapel has been entrusted with her care, www.EnglishFuneralChapel.com

October GARDENING TIPS

Master Gardeners of Spokane County

SEASON EXTENDERS

Plan ahead and plant late season bloomers and color including asters, mums, ornamental grasses, trees/shrubs, & fall blooming bulbs. Change out your planters using fall blooming plants including ornamental cabbage.

LEAVES

Leaves grace the trees all summer, then turn into beautiful colors in the fall. They are also useful for mulch, weed suppression in veggie gardens and pathways, compost and insulation.

BIRD FEEDERS

Migratory and winter resident birds will appreciate it if you repair damaged bird feeders, keep the food fresh and clean, hang suet, and keep water sources open & clean.

TREES

Conifer needles closest to the trunk will drop in the fall. Evergreens provide year long interest and shelter for small animals and birds. Keep watering your trees until the ground freezes. Larches turn yellow and drop needles.

Dave Langfear
"The Outdoor Insider"

Mornings are becoming downright chilly throughout the region now. However, daytime temperatures are mild, even warm. This should encourage anglers to get out on the water to take advantage of some of the many good fishing opportunities. Some very popular fisheries are closing at the end of the month.

As we get closer to the end of October I wanted to remind anglers that there are many lakes closing to fishing until next spring. Looking through the Washington Sportfishing pamphlet, I see that Okanogan County has the highest number of lakes closing. Many

of these are very popular with trout anglers, and the fall fishing for trout has been good to excellent this fall. Here are a few of the lakes that are high on angler's lists to fish each year: Alta Lake, near Pateros, Big Twin, near Winthrop, Conconully Lake and Conconully Reservoir and nearby Fish Lake, north of Omak, Blue Lake, in the Sinlahekin Valley, Blue Lake, near Wanacut Lake, Wanacut Lake and Lake Chopaka, east of Oroville, Pearrygin, near Winthrop, and Spectacle, north of Tonasket. Some of these are multi- species lakes and several of these lakes are "quality" lakes with special rules, like single barbless hooks and no bait. There are a few lakes in Grant County also closing at the end of October. These include Park, Blue and Deep lakes, north of Ephrata. Also, a lake that is producing some large trout this fall is Jameson Lake in Douglas County.

The sun was shining and it was a beautiful day earlier this week, so I thought I would take a short road trip to Fish Lake. The drive up through Tumwater Canyon was exceptionally scenic with the fall colors in bloom, and the construction delay was brief. When I arrived at the Cove Resort I saw that the small rental boats were stacked on the shore, but the pontoon boats were still at the docks. I also saw a good number of people on the fishing dock, and I walked out to see if they were catching any trout. Were they ever! I saw two trout landed as I stepped onto

the dock and a couple showed me the bucket that they were keeping their trout in, and it was filling fast. I am not certain, but it appeared that there must have been a recent plant of rainbow in Fish Lake, as the trout were abundant and hungry. Most of them were 11 to 12 inches. Last winter people were catching 15- to 17-inch fish so the carryovers could be 18 inches or longer. This is an excellent time of year to troll Woolly Bugger flies on Fish Lake.

Last year at this time I traveled to Moses Lake to do a video project for the city, and my friend James Lebow took me around the lake in

his boat. When we were driving down the lake and passed under the I-90 Bridge we found a bunch of boats fishing on the down lake side of the bridge. We told ourselves that when we came back we were going to find out what was happening there. Turned out that they were all fishing for crappie. We tried but couldn't get a bite while people all around us were catching fish. While under the bridge we watched an angler, who was fishing above us on the bridge, pull in fish after fish. He yelled down that we needed to put on a bright green jig. James dug through his tackle box and found one and he started catching crappie, too. The screen on his fish finder was filled with a crappie, but without the right presentation they wouldn't bite. I have heard that crappie are back in this spot on Moses Lake and I plan to get down there soon, armed with several different jigs that are green of course! This

week's photo is of me with a Moses Lake crappie.

When I was living in Chelan about 30 years ago, most people started kokanee fishing in May. I remember being part of a big fleet of boats trolling off Lakeside Park. This fleet would disappear by July. Local anglers figured that the kokanee had moved up the lake and stopped fishing for them. Since then, the attitude about when you can catch kokanee on Lake Chelan has changed. Now you will find anglers out chasing kokanee every month of the year. I used to fish for kokanee in the fall and winter starting above the Yacht Club. I would usually start around Green's Landing and fish up the lake to the White Fences, and then work my way down, and even catch kokanee in the Yacht Club Channel. In subsequent years I learned that I could even catch them in the Lower Basin, which I consider to be down lake of Mill Bay. One of my favorite places to start in the winter is Rocky Point. I don't even have to change tactics. I used the same blades, spinners, and hoochies I fished in the spring and summer. I may slow my trolling speed a bit, but that's about it.

If you are like me and frustrated when trying to set my trolling speed with the throttle handle on your kicker motor, you'll want to check out the Innotech Marine Accutroll system. When you have installed the device on your kicker motor, it locks onto the exact trolling speed you set and maintains it, no matter the wind, waves or current. The Accutroll device reads your boat speed from GPS or paddle wheel sensors, then makes precise trolling speed adjustments. There are video and text instructions on how to install the device on the Accutroll web site, and there are two ways you can use it. I chose to go with the app. After scanning the QR code, I just followed the prompts and was able to control the kicker from my phone in no time. It was easy to set my idle speed and trolling speed range on my phone. There are several features and "add ons" that open even more information from your kicker motor. I am very impressed with the ease of use with the device, and you can learn all about it at Accutroll.com.

DAVID GARBER CAPTURES MONTANA 5 SUPER SERIES TITLE

SPOKANE — The 6-hour round trip to race for Dave Garber turned out to be worthwhile. Garber used a pair of main event victories and consistent finishes to claim the 2026 Montana 5 Super Series at Mission Valley Super Oval in Ronan.

It was a battle to the end where Garber won the title by a mere 10 points over JD Udem from Frenchtown, MT. Just 14 points separated the top four drivers, including Agni Howell and Jason Robinson according to the track website. "A very special thank you goes to Evans Racing Enterprises (ERE), Garrett Evans, Glenn Knutson, and their team played a tremendous role in our success this season," the team wrote.

Car owner Larry Fitzpatrick FITZ Motorsports, team Gary Groskreutz, KC Garber, Evan & Tabi Babin, and Brice Clark.
